

Odor Removal Issues?

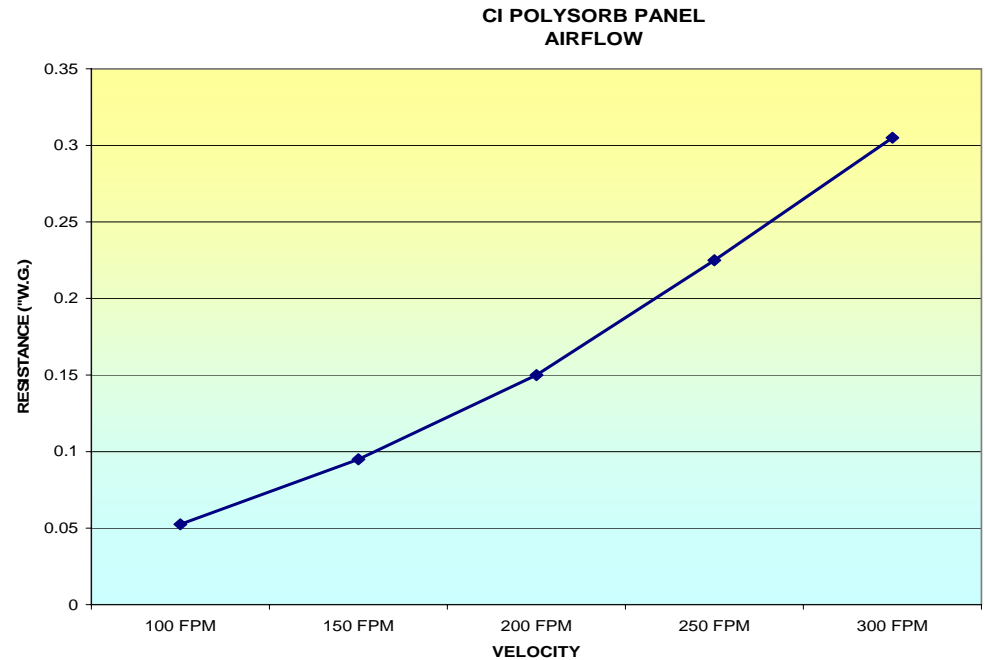

Let Columbus Industries remove particulates, odors and gaseous pollutants with our new Polysorb Carbon Panel Filters. Indoor Air Quality is not just limited to allergens, odor also plays a significant role. Try CI's Polysorb Panels to filter the air you breathe...*and smell.*

Polysorb® Carbon Panel Filters:

- 2 ply synthetic construction for optimum dust holding and removal of a wide range of nuisance odors
- 32-36 grams of carbon per square foot
- Holds up to 30% of its weight in odors
- Low resistance
- Readily available in linked panels
